

**BARNSLEY FOOTBALL CLUB  
OAKWELL STADIUM  
PERSISTENT STANDING POLICY**

We remind all supporters that Ground Regulations prohibit anyone persistently standing throughout the game. This is for your safety and comfort and to enable your fellow fans who may be unable to stand for long periods, such as children, older supporters and those of smaller stature, to enjoy the match.

We recognise that at exciting times during the game the fans will stand, however persistent standing in seated areas is considered by the Authorities to be unsafe and gangways or any exit route must be kept clear at all times.

Stewards will seek your co-operation and those fans persistently standing in the seated areas risk eviction from the Stadium.

Licensing Authorities have indicated that Clubs whose supporters persistently stand could be subject to reduced capacities.

At the present time we have been able to resist significant reductions but do ask for your co-operation to ensure that a reduction in capacity is not enforced at Barnsley FC.

Please co-operate with stewards to protect the good reputation of the Club and for all supporters generally.

Thank you for your co-operation.
